

PRODUCT DATA SHEET

Royal Cotton Picker Grease ***Semi-Fluid Cotton Picker Grease***

PRODUCT DESCRIPTION:

Royal Cotton Picker Grease is superior performance grease formulated with lithium thickener and a synergistic combination of performance additive exceeding the requirements of the application.

Royal Cotton Picker Grease is embodied with high quality anti-wear, anti-oxidation and corrosion inhibitors leading to protection against rust, corrosion and oxidation.

KEY FEATURES:

- Very good flow performance
- Optimum spindle protection
- Anti-wear performance
- Wide temperature operability

CUSTOMER BENEFITS:

- NLGI # 00 consistency provides even flow for spindle protection
- Unique additives combination provides extra protection to spindles against wetting agents, defoliants and plant juices.
- Superior quality anti-wear additive protects equipment against wear and corrosion
- Works efficiently in cold temperatures and also a moderately high temperatures

SPECIFICATIONS AND APPROVALS:

Meets or exceeds the performance requirements of John Deere 380, 360 and 305 specifications as well as Case International B-27.

PACKAGING:

Drums and Pails

PRODUCT DATA SHEET

Royal Cotton Picker Grease Semi-Fluid Cotton Picker Grease

Typical Properties

Royal Cotton Picker Grease		
Product Number	905 GD	Test Method
Color	Green	Visual
Texture	Smooth	Visual
NLGI Grade	00	ASTM D 217
Worked Penetration	415	ASTM D-217
Drop Point , ⁰ F	N/A	ASTM D 2265
Viscosity @ 40 C ,cSt	N/A	ASTM D 445
Viscosity @ 100 C cSt	N/A	
Viscosity @ 100 F ,SUS	115	
Viscosity @ 210 F ,SUS	40	
Type of thickener	Lithium 12 Hydroxy	-

Typical Properties are typical of those obtained with normal production tolerance and do not constitute essentially a specification. Variations that do not affect product performance are to be expected during normal manufacture and at different blending locations. The information contained herein is subject to change without notice.

Health and Safety:

When used for its intended application, this product is not expected to have any adverse health implications. For complete information on safe handling, as well as physical and chemical characteristics please refer to the Material Safety Data Sheet (MSDS) found on our website, www.royalmfg.com, or call 918-584-2671. Do not use this product for purposes other than its intended use. Please be responsible to the environment when disposing of used product.
